Applications to grant making trusts

Created: 02 March 2008

Example supplier NAME

Suppliers are invited to provide a 65 word description of what they do. As we use this description to help people search you are encouraged to put as many 'keywords' in as you can. So an opening sentence followed by a list of products may be a really good way of maximising the 65 word description. E.g. We can help make your party go with a bang! We offer: DJs; decorations; invitations; balloons; games; food and cakes.
