## How does registering help you fundraise?

Created: 07 February 2008

When you register you can tell us as little, or as much, about yourself as you like. We'll use the information you give us to build a better understanding of volunteer-fundraisers. So if 5,000 visitors to how2fundraise.org say they fancy abseiling off a building to raise money for charity, we'll encourage a few more employers and charities to offer you the chance to do it.

Each quarter we produce an enewsletter if you want it emailed to you just say YES when you [register or update your profile](#). Then occasionally we write a specialist ebulletin, tell us what you are interested in and we'll tell you more about it by email. Sometimes ebulletins are news items and sometimes they feature a supplier we think you will find useful, often they include both. It is easy to unsubscribe from these services, just reply to our emails with "UNSUBSCRIBE".

So hopefully [registering](#) will make life just a little easier and a bit more fun. You can read our full [privacy policy here](#).
